

BFREPA Dinner & Conference 2019

Lohmann GB Ltd were proud and pleased again to sponsor and support the British Free Range Egg Producers Association Dinner and Conference.

The event has gained a significant place on the Calendar each year for our partners and producers with the event allowing for a relaxed but informative gathering to discuss the market and the trends and challenges that we have seen in recent times.

The Pre-Conference Dinner proved a great success and good time was had by all. The conference on the following day as always provided a great opportunity to catch up with customers existing and new.
